DISCLAIMER

Stewart Net Sheet provides only estimates (not quotes) as to what the buyer may pay and the seller may receive at the closing of a real estate transaction. Actual costs and expenses depend on the specifics of the transaction. Parties should not rely upon these estimates as certain fees are not considered, e.g., city transfer tax or state tax, and the estimates are based upon the most common transaction. Stewart does not guarantee nor warrant these estimates and the Stewart Net Sheet cannot be used for Simultaneous Issue computations under TRID. For California transactions, the escrow/closing fee is negotiable above certain amounts; if the fee is \$0 please contact your local California Stewart office for more accurate Net Sheet figures.

Brought to you by Stewart.

State Notes

These rates are for residential policies only. Please contact your local underwriter for commercial rates calculations. This site cannot be used for Simultaneous Issue computations under TRID. If you need assistance with this site, please contact: EnterprisePricingSolutionTeam@stewart.com.
